

Slow Food®

Dear all,

Over the course of the years, the network of Slow Food in the Nordic Countries has grown and it has become stronger thanks to the many activities in your countries and to Terra Madre Nordic.

The interim Board of Slow Food in the Nordic Countries was formed in Ulvik on March 1, 2019 at a regional meeting of the network in Norway. It is made up of the following people:

Dominique Plédel Jónsson dominique@simnet.is - Chair (Iceland)
Hilde Bergebakken hilde.bergebakken@roros.net (Norway)
Viola Capriola capriola.viola@gmail.com (Denmark)
Minna Junttila minna.e.junttila@gmail.com (Finland)
Eirikur Jákupsson Eirikur_Jakupsson@hotmail.com (Faroe Islands)
Philip Linander philip_linander@hotmail.com (Sweden)
Sunniva Mortensen sunnivagm@gmail.com (Faroe Islands)
Pal Drønen skrulen@gmail.com (Norway)
Jannie Vestergaard terramadrenordic@gmail.com (Sweden) Coordinator of Terra Madre Nordic 2021 in Stockholm

The role of the Board is to help facilitate conversations within their regions and encourage the implementation of local initiatives and projects. Please feel to get in touch with them.

In preparation of the second edition of Terra Madre Nordic, planned for September 2021 in Stockholm, we have launched and created working groups focusing on specific programs, campaigns and topics relevant to the Nordic region. If you are interested in joining one of these groups, we encourage you to write to: terramadrenordic@gmail.com

We would also like to share information about Terra Madre 2020. The 2020 edition has just started and it aims to explore the way forward for the future of food and the future of our planet, and to show us how we can enact change together by putting ideas, proposals, projects and energy into the world of food and the food of the world. Through a mix of physical and digital events, we're celebrating local food cultures and putting the spotlight on the importance of ecosystems beyond political borders. [Terra Madre Salone del Gusto](#) will run from October, 8th 2020 to April 2021, with special flagship events October 8 - 12.

You can follow and listen to the various initiatives that have happened during this first week of the event (October 8-12) on the [website](#). Keep following us and [the events](#).

Thank you for your interest and support to Slow Food.

Slow regards,
Slow Food in the Nordic Countries Board
